Thursday 25th July 2019

**RE: Part 8 Application for O'Connell Street Revitalisation Project:
Public Realm Works at O'Connell Street, Limerick**

Dear Sir / Madam,

Please find enclosed the following documents (6 copies) in relation to the Part 8 Application for the consideration of the Planning and Environmental Services Department:

- Completed Application Form
- Site Notice as erected on site on the 25th July 2019
- Public Notice as appearing on the 27th July 2019 edition of the 'Limerick Leader' newspaper
- Screening Report for Appropriate Assessment
- EIA Screening Report
- Planning Report
- Architectural Drawings

The proposal will comprise the following:

- Reduction in the width of 2 no. traffic lanes on O'Connell Street between Denmark Street and Cecil Street to a maximum of 3.0m each, and subsequent increase in footpath widths.
- Replacement of one of the two southbound vehicular lanes on O'Connell Street with a southbound bus lane between William Street and Cecil Street.
- Introduction of a shared surface, where the footpath and the carriageway will be at the same level, on O'Connell Street from north of Denmark Street to south of Roches Street. A shared surface is also proposed outside the proposed International Rugby Experience museum just north of Cecil Street.
- Conversion of all junctions within the proposed development boundary to raised table junctions, which will act as traffic calming measures.
- Relocation of parking and other kerbside vehicular spaces from O'Connell Street to adjacent side streets. This space will be adapted to provide wider footpaths and additional pedestrian

areas to facilitate people gathering, on-street trading, and “spill out zones” from shops and cafes on the street.

- Provision of street furniture on O'Connell Street including seating areas, trees, planting, bicycle stands, and lighting, as well as features such as sculptures, pedestrian plazas and water installations.

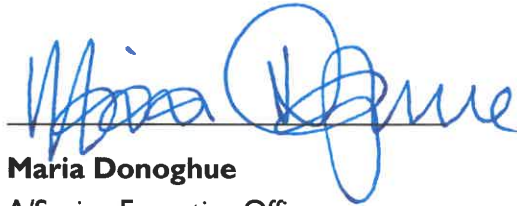

A copy of the submission is separately being made available at the Customer Services Desk, Limerick City and County Council, Merchant's Quay, for display purposes.

The application is also available to view on <https://mypoint.limerick.ie> and submissions or observations will be accepted through this consultation platform also.

I trust you will find this in order.

However, please do not hesitate to contact me if you have any queries or seek further clarification.

Yours sincerely,

Maria Donoghue
