Údar: Bruce Harper

Stádas: Submitted

Aighneacht: SEA incoherent and requires revision

Comhairliúchán:

Draft Limerick Development Plan 2022 - 2028

Chapter 8 climate - include climate charter commitment as objective

Caibidil: Volume 1 - Written
Statement

I would also like to add an additional objective based on the Councils 2019 climate charter commitment

Climate emissions reduction - It is an objective of the Council to put in place a process for carbon proofing major decisions, programmes and projects on a systematic basis, including investments in transport and energy infrastructure moving over time to a near zero carbon investment strategy. Such carbon proofing will take account national and sectoral greenhouse gas emission budgets to reach a 50% reduction in emissions by 2030 and net zero by 2050.
