Údar: Jack Quinn

Stádas: Submitted

Aighneacht:

Support for South Circular Road to City Center active travel scheme

Comhairliúchán:

Part 8 - South Circular Road to City Centre Active Travel Scheme

Introduction of this scheme could see Limerick become the most active travel orientated city in Ireland in a very short space of time

Caibidil: Chapter 2 - Planning Report and Drawings

This scheme will link up a quarter of Limerick cities population by means of 1st class active travel routes

Main opinion:

Cycling and active travel are the future of intercity transport - resisting risks being left behind - embracing it is a smart investment in the future of the city

Main requests:

South Circular Rd to City Centre Active Travel route be implemented

Main reasons:

less traffic, less pollution, alignment with climate targets, more livable city, more attractive city, more modern city
