**Aighneacht:** South circular road cycling lane

**Comhairliúchán:**

Part 8 - South Circular Road to City Centre Active Travel Scheme

---

## Put in the cycling lane

**Caibidil:** Chapter 2 - Planning Report and Drawings

I am a worker in UHL hospital. I cycle every day to work for the last 15 years . Initially there were very few cyclists but this is beginning to increase. However it is still relatively few. One of the most dangerous areas to cycle is the ballinacurra road and south circular rd. There is not enough space for both car and cyclist. This cycle lane will make it safe and enable many more people to feel safe cycling especially with their kids. At the moment it is not safe at the moment.

*Main opinion:*

Please put in the cycling lane on the card.

---

*Main requests:*

Please put in the cycling lane on scrd

---

*Main reasons:*

Let's make cycling safe for us all but especially our kids
