Caibidil: Settlements for which maps have been prepared

I am writing to request the exclusion of land parcel M1640500006 (Ord survey map attached) from the RZLT zone maps on the basis that this is farm/agricultural land.

I am a farmer and I purchased this land to expand my original farm. The land at that time was farmland used to feed and graze cattle and continues to this day to be used for this purpose and this purpose only. As such this should not be considered residential land.

Please feel free to contact me should you require any further information.

Yours faithfully

Ian Normoyle
