This building, its layout and character is so unique, significant and conducive to creativity, as well as social events. I have performed there and developed new pieces of writing and music in the space. The building itself, with its dual aspect and incredible front window, are gem in the city. I am alarmed to read plans to change this wonderfully designed and effective, purposeful space. Limerick has already lost so much of its heritage. Very little of Georgian Limerick is publicly accessible and interactive in the way Narrative 4 is.

I thoroughly hope my submission will contribute to giving pause to any advancement of these plans.
