Do you have ideas on the priority actions? What are the key locations for the actions? What priority groups should be targeted?

Hello

I would like to make a suggestion to the LECP

I'm a county Limerick emerging artist - currently there is little or no art studio space in the county of Limerick

The suggestion I am making would be to have an art studio where you would have an element of arts there in full time residency and also a space where emerging artists could possibly book a studio 1 or 2 days a week

This would allow emerging artists to meet with established artists to network and grow and also more artist would get use out of the studio space
