Údar: Shannon Foynes Port Company (SFPC)

Stádas: Submitted

Aighneacht:

Shannon Estuary and Shannon Foynes Port Company (SFPC)

Comhairliúchán:

Local Economic and Community Plan for Limerick City and County

2023-2028

4.2.3 - Integrated

Caibidil: Chapter 4 - Vision and High-Level Goals - Backgro...» 4.2 Sustainable Community and Sustainable Economi... » 4.2.3 - Integrated

Do you have ideas on the priority actions? What are the key locations for the actions? What priority groups should be targeted?

Yes

Main Points:

1. Offshore floating windfarms - The objective is to create a marshalling port on the Shannon Estuary together with a value-added supply chain to facilitate the development of an Atlantic Offshore Renewable Energy hub.
2. Upskilling the workforce and attracting new talent to the region will be critical in underpinning this transformational change. The establishment of a regional / cross-regional energy cluster for industry/agency/academia collaboration to research, grow and market the offshore wind sector will be required. Such a measure, which needs to be implemented locally should be identified as an objective in the LECP.
3. Substantial supporting infrastructure such as housing and water capacity, to name some, will be required in the region. The LECP should include an objective to plan for supporting infrastructure.
