I Denis Lane, is looking for my land in Stradbally North Castleconnell to be including in the Land Zoned for housing. I would build what the Council is looking for, be it Social housing or private. If it is zoned I will give a written guarantee to have houses built by 24 months of getting planning. I will build what the Council and the Community want. My Buildy Company Milfort Properties would build same. The Land has sewage pipes going to it. Many thanks
