## Re: Limerick Development Plan 2022-2028 – Proposed Variation No. 1

A Chara,

Uisce Éireann (IW) welcomes the opportunity to comment on the proposed Variation No.1 on the Limerick Development Plan.

There are a number of public water and wastewater projects planned in County Limerick over the coming years which may require the creation of new accesses or intensification of use of an existing access onto a public road. These projects are necessary to meet strategic growth and environmental objectives in local, regional and national planning policy. In limited circumstances, proposed objective TR O37 (b) may apply. Uisce Éireann would be happy to engage further with LCCC where this situation arises to ensure an acceptable solution is proposed that meets the appropriate design and safety standards.

We look forward to working with Limerick City and County Council to achieve the objectives of the Limerick Development Plan.

Yours Sincerely,

*Elaine Heneghan*
