### First Time Buyer Exception (\*)

First Time Buyer Exceptions are documented in the Affordable Housing Act 2021, which does allow categories of exceptions to the First-Time Buyer eligibility criteria, to include circumstances of divorce or separation, personal insolvency or bankruptcy and others, subject to terms and conditions ([Fresh Start Principle](#))

### Minimum Sale Price and Maximum Sale Price (\*\*)

The minimum and maximum amount Limerick City and County Council can sell the home for. Eligible applicants who have higher household incomes will contribute more towards the cost of the home. See section 2.2 of this document.

### Maximum Household Income (\*\*\*)

Households with an income above the maximum household income for a particular home will not be eligible to purchase that home. However an applicant may still be eligible in the circumstance where the applicant is unable to secure a mortgage of 85.5% of the market value of the affordable home and can produce written evidence to that effect from a bank or financial institution.

# Section 2: Eligibility Criteria

## 2.2 Purchasing Power

An applicant's "purchasing power" will determine the price that the purchaser will contribute to the affordable home. Detailed pricing for each home type based on household income is set out in Sections 2.3, 2.4 and 2.5 and there are examples on how to use the calculators in Section 2.2.2. It is the policy behind the affordable dwelling purchase arrangements in the Act that you must borrow the maximum available to you from a bank or financial institution.

The income limit for a particular affordable home is 85.5% of market value divided by 4. There is no minimum income to purchase an affordable home, however you must be able to afford to pay the minimum sale price.

Where you have savings of more than the amount required for the deposit, plus an additional €30,000, this will be added to your "purchasing power". If this total exceeds 95% of the market value, you will not be eligible for an affordable home purchase arrangement. This is because the minimum affordable home equity to be made available by Limerick City and County Council will be 5%.

Where you are eligible to purchase an affordable dwelling and have money/savings in excess of the deposit plus an additional €30,000, you are not required to contribute the amount of this excess (or any part of it) towards the price you contribute for the dwelling. However, you may contribute some or all of it if you choose to (taking into account that it is the policy behind the affordable home purchase arrangement that you must still borrow the maximum available to you from a bank or financial institution). This will result in you contributing a higher purchase price for the affordable home and Limerick City and County Council taking a lower equity share than if you had relied solely on a mortgage.

The income limits and minimum purchaser price for each affordable home type in this scheme are detailed in Section 2.2.1 overleaf.

### 2.2.2 How To Use The Income Calculators in Sections 2.3/2.4/2.5

The income calculators for each home type in Sections 2.3, 2.4 and 2.5 are available to assist you in determining how much you are likely to contribute towards the cost of the affordable home based on your income, and how much Limerick City and County Council is likely to contribute. They can also assist you in determining the likely associated equity share (share in the ownership) that Limerick City and County Council will take in the affordable home.

#### Example using a gross household income of €59,000

Using a gross household income of €59,000 and the calculator example below for home type A with a market value of €300,000, you would locate €59,000 on the left hand side of the calculator under the “Income” column and then move across the calculator to determine how much you would contribute to the cost of the affordable home, how much Limerick City and County would contribute, and the % equity. In the below example (highlighted in red), for a gross household income of €59,000, you would contribute €262,222 towards the cost of this home type and Limerick City and County Council would contribute €37,778 towards the cost of this home type. The €37,778 contribution from Limerick City and County Council would equate to a 12.59% share in the ownership of the home.

## Section 2: Eligibility Criteria

### 2.3 Scheme of Priority

In addition to eligibility criteria, a Scheme of Priority for Affordable Home Purchase Arrangements applies. The Limerick City and County Council Scheme of Priority was adopted on the 22<sup>nd</sup> May 2023 and outlines the process applied where the number of eligible applicants exceeds the number of affordable dwellings available for purchase in the Affordable Housing Scheme.

In relation to 70% of the homes, priority as to which type of home is deemed to adequately cater to the accommodation needs of a household, will be made on the following basis:

| Dwelling Type          | Meets accommodation needs of: |
|------------------------|-------------------------------|
| Three-bedroom dwelling | 2 or more person household    |

And then first come first served.

For the remaining 30% of homes, Limerick City and County Council will prioritise as follows:

| Dwelling Type          | Meets accommodation needs of: |
|------------------------|-------------------------------|
| Three-bedroom dwelling | 2 or more person household    |

And then being, or having been resident, in the administrative area of Limerick City and County Council for a minimum period of 3 years on the date of application.

And then first come first served.

## Section 3: Shared Equity

### 3.1 Equity Share

If you are a successful applicant purchasing an affordable home, Limerick City and County Council will retain an “Equity Share” in your affordable home, equal to:

*“The difference between the open market value of the home and the purchase price paid by you expressed as a percentage of the Open Market Value of the home”.*

For example, if you purchase an affordable home and the price you pay for the home is 15% less than the open market value of the affordable home, Limerick City and County Council will take a 15% equity share in your home.

The equity share can be redeemed or “bought out” at a time of your choosing, but there is no obligation for you to do so. If you choose not to redeem the equity share while living in the dwelling, Limerick City and County Council may do so when the property is sold, transferred, after your death, or after a 40 year period.

### 3.2 Affordable Dwelling Purchase Arrangement with the Council

If you are a successful applicant purchasing an affordable home, you will be required to sign up to an ‘Affordable Dwelling Purchase Arrangement’ with Limerick City and County Council.

An Affordable Dwelling Purchase Arrangement is a legal contract between you and Limerick City and County Council. The Affordable Dwelling Purchase Arrangement covers the obligations of you and the Council, and makes provision for the registration of the agreement with the Registry of Deeds/Land Registry. It will also set out how and when you can make redemption payment(s) to reduce the Council’s affordable home equity share as well as the conditions under which the Council may seek redemption of the affordable home equity.

**It is important to note that the Affordable Dwelling Purchase Arrangement will contain a covenant stating that where Limerick City and County Council is satisfied that an applicant wilfully misled it in relation to any material fact regarding matters of eligibility or priority, this will be a Realisation Event under section 18(2)(h) of the Affordable Housing Act 2021. In such event, Limerick City and County Council will have the option to terminate the affordable dwelling purchase arrangement and demand the redemption of its equity share.**

### 3.3 Contract for Sale with the Developer

If you are a successful applicant purchasing an affordable home, you will also be required to enter into a Contract for Sale with the Developer in order to complete the purchase of the affordable home. This Contract of Sale will include all standard conveyancing terms and conditions and the Developer will also require confirmation of your Affordable Dwelling Purchase Agreement with the Council.

## Section 4: Application Process & Support Documentation

The application process will be via an online platform. The online platform will open for applications for Phase 2 of the Woodfield Manor affordable housing scheme at **12:00 on Monday 19th February 2024 until 12:00 on Friday 15th March 2024**.
